## **RICCIONE & ROUND TABLE 49**

Riccione is a famous touristic Italian town. It's both quiet and chaotic, noisy and relaxing, modern and traditional... this may look like an oxymoron, but in this event we want to show you every side of our beloved town, making you live a special experience with what we know how to do best: parting and having fun!

In this AGM Round Table 49 will be glad to host you and make you eat some some of the best food from the coast to inner land.

Our Table is quite young, we're 30 years old this year, but we're enthusiastic because for the first time in Italy Round Table the AGM will be held side by side with Ladies' Circle. Furthermore you'll want to be here to celebrate special occasion: 60 years of Round Table Italy and 50 years of Ladies' Circle Italy, together for a 110 years birthday party!
